

COMPASS PROJECT

SKILLS, EMPOWERMENT AND ORIENTATION FOR YOUNG PEOPLE
THROUGH VOLUNTEERING ACTIVITIES
IN INTERNATIONAL GROUPS

ZAVOD MANIPURA, SLOVENIA

ABOUT US

Zavod Manipura is a small NGO with many years of experiences in international volunteering for young people.

We've been an accredited hosting & sending organisation from 2008 and each year we host volunteers from many different countries.

Solidarity activities in our organization are focused on different topics - we support charity organizations, help in the local community, support environmental organisations, NGOs for animals in need, we help elderly and families in need and we organize workshops for children, for young people and for people with special needs.

Next to the international volunteering projects we offer trainings for youth workers, trainings for parents, experiential learning projects, psychological counselling and psychotherapy.

HENK

is in charge for experiential learning projects and trainings for youth workers. He's also our director and he guides the practical work of the volunteers.

BARBARA

is the coordinator and the psychological mentor of the volunteers. Next to this, she's in charge for parenting trainings and psychotherapy.

DEJAN AND TJAŠA

are mentors for the free-time activities. Dejan is a young man with a very big heart who loves to discover new places. Tjaša is a sport teacher and loves athletics.

SOLIDARITY WORK IN THE LOCAL COMMUNITY

We help with different local festivals and non-profit events in our community: Celebration of the Liberation Day, Carnival for children, Midsummer's Eve Bonfire, Christmas programme for children, Day of Volunteering, Chocolate festival, Beer festival etc..

HELPING ECOLOGICAL FARMERS, ELDERLY, AND FAMILIES IN NEED

We help at different ecological farms with their seasonal work. Occasionally we help older people and families with practical work like mowing grass, preparing wood, small renovations, with work on the fields and on their farms.

SOLIDARITY ACTIVITIES FOR ANIMALS

Our volunteers regularly help in the shelter for rescued animals, on the farm for rescued animals and in the shelter for horses with special needs.

SOLIDARITY ACTIONS IN CHARITY ORGANIZATIONS

We support Red Cross and other charity organizations during different charity actions:

- packing food and school items
- packing promotion materials for fund raising
- repairing old wheelchairs etc.

ACTIVITIES FOR PEOPLE WITH INTELLECTUAL DISABILITIES

Once a week we go to Radovljica and spend some time with people with intellectual and physical disabilities. We go for a walk together, do some sports and play some simple games.

INCLUSION HIKES WITH ALPINE ASSOCIATION OF SLOVENIA

Volunteers assist people with special needs during the mountain walks, organized by Slovene mountain association, unit for inclusion hikes. Assistance consists of pushing the wheelchairs, guiding blind people and socializing with them.

WORKSHOPS FOR CHILDREN AND YOUTH

During the school holidays we organize free-time activities for children and for young people.

During school time we organize intercultural learning workshops for young people, and sport days for the high schools of Radovljica every autumn

HANDICRAFTS AND PRACTICAL WORK IN OUR CENTER

The volunteers help with work in the garden, renovations in the house and with preparing wood for the winter.

We also like to do wood & natural materials handicrafts.

HOUSE FOR THE VOLUNTEERS

Our house is situated in the village Begunje na Gorenjskem, 6 km away from Radovljica. It's still work in progress and there is a lot of practical work around the house.

The flat for the volunteers has 5 bedrooms, kitchen with living room, 2 bathrooms with toilets and 2 separate toilets. There is also a free time room with board games and table football.

Each bedroom is for 2, 3 or 4 volunteers. The bus station, the shop and the pub are 15 minutes away.

There is no cleaning lady in the house and you can't bring your mother with you :). Therefore, the cleaning of the house is a part of our daily routine and each volunteer needs to do his/her part of the cleaning.

PRACTICAL INFORMATION

To ensure that everybody feels good, all of us follow some BASIC RULES:

- respect for each other, the house and environment
- smoking only outside
- no drugs
- no alcohol in the house
- respecting night silence and the neighbours
- taking care of the house (daily cleaning).

FOOD MONEY: 7 EUR PER DAY

POCKET MONEY: 5 EUR PER DAY

BED LINEN IS PROVIDED

WE RECOMMEND TO BRING YOUR OWN TOWELS

WORKING SHEDULE

Our working week usually starts on Monday and ends on Friday.

On Mondays we have a weekly meeting, workshops for volunteers, practical work and a big cleaning of the house.

On Tuesdays, Wednesdays and Thursdays we have one of the many different activities each day: activities for young people, we help families, we go to the animal shelters or to the ecological farms, we do some handicrafts and we continue with practical work in the house.

On Fridays we organize activities for adults with intelectual disabilities. We finish with this part at 12.h and at 17.h there is a language lesson and a meeting with Dejan and Tjaša.

Most working days start at 9. o'clock and finish at 15.h (Fridays are exceptions). If we go to the animal shelter or join the inclusion hike, we need to start early in the morning and we return later in the afternoon. The inclusion hikes usually happen during the weekends. In this case the volunteers get the compensation day during the week.

During the school holidays we organize activities for children.

The schedule of the activities can change, because we depend on the weather and the needs of other organizations.

WHAT TO DO IN YOUR FREE TIME

Our place is perfect for the volunteers who like nature. You can walk in the forests, hike in the mountains, bike, swim in the famous lake Bled which is less than 15km away, visit the Vintgar gorge...
And for the ones who prefer city life there is Radovljica and also Kranj and the capital Ljubljana is not far away.
